

*Profiles-Wedges-Coil Stops are  
made of recycled plastics*

## **PKT** rollblock system EK-UNP 180

with **PKT** UNP profile 180

**PKT** coilstorage system EK 550 combined with UNP 140 or 180 enables save coilstorage especially on uneven ground.

Welded plates distribute the power equally and reduce the bearing pressure.

- Coil diameter 600 – 2300 mm
- Coil width 700-2000 mm
- up to 3 layer storage (max. 100 to)
- TÜV certified
- toolless assembling!
